- ▽ due

All assignments due at **10:00 PM** Chicago time. **Sleep is important**.

A "latechip" extends one assignment's deadline by 24 hours. **5** latechips are available per student, usable for any assignment **except hw5**. At most one late-chip may be used per assignment.

If you have unexpected changes in your ability to finish work, please tell the instructor **as soon as possible**, so that some fair arrangement can be worked out.
